

What's Going On

Before the Turning Point Conversation

Read through these questions and add a few words wherever useful. You do not need long answers, and 'I'm not sure' is fine. Leave anything you would rather discuss on the call blank. Keep your answers and bring them with you. You do not need to send them beforehand. We will go through them together, so we get a picture of what's going on.

A little background

Your name, where you live and your time zone.

Your child's name and age. Who lives with them, and who regularly cares for them?

What keeps happening that you want us to focus on?

When did it begin? Has anything changed in their life or in the family?

Anything about their early years, health or support needs that you want me to know? You can discuss this on the call instead.

What would you like to become easier for your child and for you?
